## How long lasts a music lesson?

The lessons are individually held by Conservatoire graduates teachers, specialized and experienced in the instrument they are teaching; the lessons are customized according to the music level of each person; the timing of a lesson is 50 minutes.

Each instrument or canto lesson is supplemented by workshops on music theory and history of music, which are held twice a week, 2 hours timing, for 5 to 10 people groups in order to accomplish the musical knowledge required for playing or singing. You can choose to participate at one of the two workshops, depending on your program.

## You can schedule your music lessons:

From Monday to Sunday, between 10.00 – 20.00

- **Guitar Lessons**

Classical guitar can be a pleasant and a special opportunity to exercise your sense of music. With its nice and warm sounds it is an unique way to spend your free time, relaxing with music. The guitar lessons will help you learning to play this instrument correctly. If you want to learn to play the guitar or to improve the technique you already have, guitar lessons are a good way to improve your playing. We recommend the guitar lessons starting with the age of 6. Guitar lessons will give you the opportunity of first sight reading, recognition and reproduction of sound and music pieces, theory, technique, repertoire, improvisation and harmony.

- **Piano lessons**

The piano lessons are recommended beginning with the age of 5.

The piano lessons program specially designed for children aged 6-7 years has in attention the natural desire of this age to learn in a recreational and friendly atmosphere.

For the piano lessons program dedicated to those over the age of 8, we thought at the possibility of learning scores at 4 hands adapted to their age, and also the learning of some melodious pieces, which give them more pleasure to play the piano.

The piano lessons program for adults helps you reading and playing music of different styles, the chords, sound recognition, theory and harmony.

In all piano lessons we include the opportunity of learning creative improvisations and new musical experiences as accompaniment and chamber music. The piano lessons enable first sight reading, recognition and reproduction of sounds and music pieces, theory, piano technique, repertoire, improvisation and harmony.

- **Canto/voice lessons**

Canto lessons are designed for all music amateurs who wish to acquire a clear vocal technique and learn how to sing correctly.

The human voice is considered to be the most complex and beautiful musical instrument of all. Canto lessons will provide vocal exercises and a repertoire adapted to each participant, according to his/her musical skills.

At the singing lessons you will learn vocal technique, breathing, diction, phrasing and intonation, but also the development of hearing, agility and stage movement.

- **Violin lessons**

The violin lessons are recommended for those over the age of 5. Students will be able to experience a professional and friendly way of learning, through which the playing of this complex instrument becomes pleasant, intelligible and close to the student. The violin lessons for beginners focus on learning how to hold properly the violin and the bow, while playing. Participants will learn basic scale sounds, chords, and first violin positions while playing simple familiar songs.

At the violin lessons for intermediate level one could practice first sight reading, the sound, vibrato, interpretation of scores, mid-level technical exercises and sound accuracy, studies and other technical exercises for the left hand and the right hand, such as staccato and spiccato.

Violin lessons for advanced level are designed for those who wish to deepen the violin technique and interpretation, by extending their musical knowledge and musical repertoire for violin; at this level you could have an accompanist and could exercise chamber music, on demand.

- **Cello lessons**

Cello lessons address to those older than 8 years. Lessons for beginners and intermediate level focus on acquiring an accurate position on cello, basic technique, intonation, bow technique and sound production. Study items, special bow techniques, phrasing, students will perform music from the repertoire of this instrument according to the level of difficulty of each person.
